Wednesday	Stephen H	please also move the rink markers
Thursday	Robert D	to a new colour as below
Friday	Alan R	
Saturday	Martin W	
Sunday	Leon C	

The idea of switching is to move the overnight moisture from the turf to prevent diseases and it is helpful if this is done early morning.

Please DON'T switch if:

There is frost or snow on the ground.

It is raining.

(There is some fine soil in a small bin on the patio which can be used to fill any small holes made by birds etc.)

Please would you also ensure that the fox fence is working before you leave.

Thank You

Rink Colours

Friday	White
Saturday	Red
Sunday	Black
Monday	White
Tuesday	Red
Wednesday	Black
Thursday	White
Friday	Please turn the green
